

HOME REPAIR CONTRACTORS WANTED

The Towns of Johnston and North Providence are seeking home repair and housing rehabilitation contractors to participate in the CDBG-funded Johnston-North Providence Home Repair program to perform needed home repairs to address safety and health hazards and abate code violations on owner-occupied 1, 2 and 3-family units. Interested contractors must submit a letter of interest and statement of qualifications per the Request for Qualifications. The Towns are seeking to pre-qualify a list of contractors who will then be invited to submit quotes for home repair projects. Only pre-qualified contractors will be allowed to receive an award or submit further quotes to the Home Repair Program for the next three years.

Contractors are asked to respond to this request for qualifications. Specific request for quotes will be issued for several home repair projects during this solicitation period and awarded subsequent to the prequalification.
